Lifestyle Manager

Meet **Andrea Macías**

It is a pleasure to meet you! My name is **Andrea Macías**, Lifestyle and Concierge Manager at **La Pueblita** Ajijic. I am 33 years old and earned a Bachelor's degree in Hospitality Management. I was born in Guadalajara and raised in Buenos Aires. I'm mother of a 2 year old baby and a big pet lover!

I am grateful I'll be able to share new adventures together and create new memories at **La Pueblita** soon. I am excited to welcome you to your new home and learn more about your hobbies and interests.

Beyond providing a service, the mission of our team is to encourage you to live your life to the fullest. Enjoy your home, meet new friends, learn new things and enjoy new adventures. Our calendar of activities will offer something for everyone including: arts, fitness, education, dining, excursions, music, culture and nature programs.

Also, we will be more than happy to help you with any basic services such as: laundry, housekeeping, maintenance, grocery shopping, etc. Please feel free to contact me if you have any questions or concerns about coordinating your move to **La Pueblita**.

Welcome to your **La Pueblita** family **Andrea!**

COVID-19 PREVENTION

At **La Pueblita**, we are focused and fully committed to refine our Covid19 Prevention and Management Program to meet the highest standards of safety, sanitation and prevention.

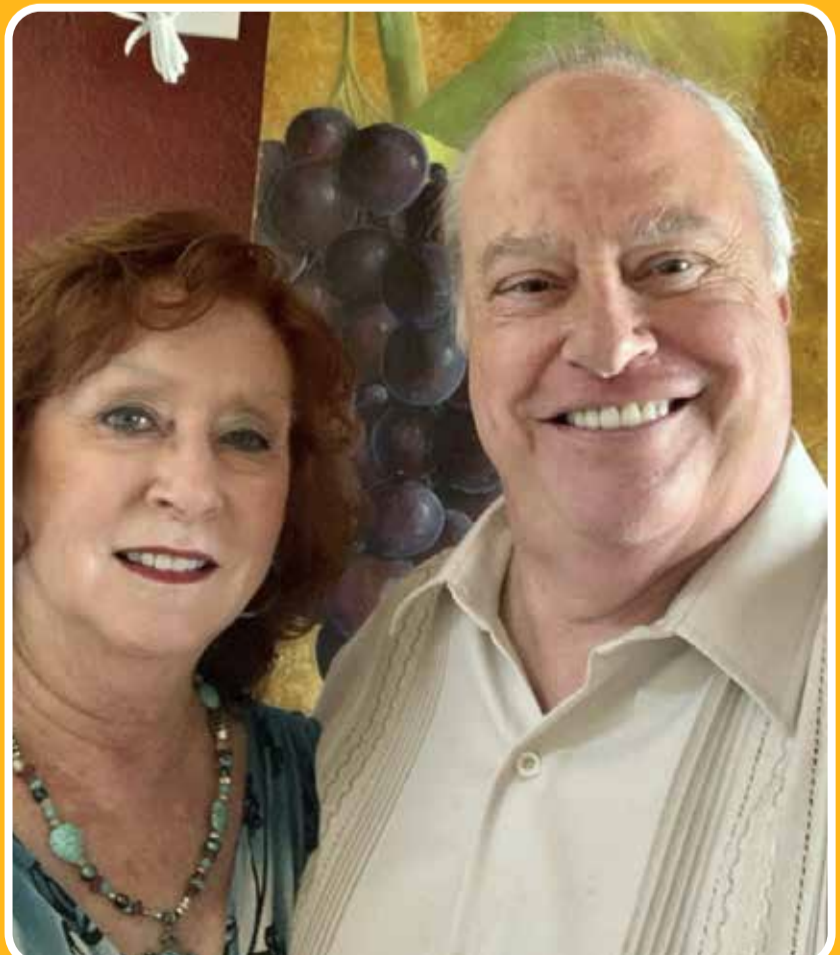

As you know, Assisted Living centers have been impacted the most by COVID around the globe. Fortunately, we are paying close attention to the latest preventive measures in place now to ensure a safe environment for our residents. We shall continue our efforts to provide and follow strict procedures going forward. In fact, this month, our Medical Director is working on procedures and protocol for staff in each department so upon opening, La Pueblita will be ready to provide these safety standards and early detection measures for our residents and team members.

We take COVID prevention very seriously and understand the concerns many seniors have knowing they are in a higher risk category. The peace of mind knowing La Pueblita will strive to become a "safe haven" where residents can enjoy daily living with a reduced fear of exposing themselves to COVID will become an attractive retirement option.

Our Wellness Center and Memory Care Community will be the first to open later this year and we are ready to implement the following COVID protocols:

- Control access at the main gate
- Sanitation mats at all buildings' entrances
- Disinfectant gel in every public area
- Protective masks, gloves and PPE available for all staff
- Limited access to the spa by appointment only to keep people separate
- COVID testing available

MEMBER OF THE MONTH

"We are thankful to have the **opportunity to live independently** in a **beautiful community**"

-Says Bruce-

Sharon and I moved to Ajijic in January 2018, after both of us spent over 44 years in Arizona. We met at Motorola in 1987, where we worked together for three years. We started dating and got married in April 1993.

Since moving to Ajijic, we have established wonderful friendships, while enjoying good food, good wine and the benefits of mild year around weather.

We are thankful to have the opportunity to live independently in a beautiful community knowing medical resources are available if required.

We are very much looking forward to our next amazing chapter of life.

- After writing his testimonial, Bruce was asked to answer three questions:
- What's your favorite activity?** Spending time with friends while eating and drinking.
 - What's the best thing of becoming a senior?** Less work, more play.
 - What are you most grateful for in life?** Our family and friends, past current and future.
